

In this envelope you will find some guidelines concerning where to go and what to do.

First, draw the card, then read it carefully. After each task completion you will receive a skill sticker. If at location, shown in a card, there are too many people, read another guideline.

The time of the game is not set, however, you have to finish doing all the tasks till..... o'clock

If you complete all the tasks earlier or have to wait till others finish doing their tasks, you're welcome in the room... to paint a poster.

If you've already received 5 stickers, please meet your group at/in..... for the recap!
